Our reference 20122457
24 March 2014

Dear

Freedom of Information Act 2000

Thank you for requesting information about CCTV cameras, which the Council received on 24 February 2014. Your request has been considered under the Freedom of Information Act 2000 ("The Act").

You have requested the following information:

For each CCTV camera that is owned and/or operated by Coventry Council I would like the following data -

Location – Responsible Directorate - Responsible department – whether it is currently operational.

I would like this to be in a format that can be re-used, preferably comma separated variable (csv) format.

Once this request has been completed I would like you to add the resulting dataset to the authority's publication scheme, and keep it up-to-date in the future.

For the location of each CCTV owned and/or operated by Coventry City Council, please see the attached document, in .csv format, giving location and type of camera.

The responsible directorate for all CCTV cameras is: Place and the department is: Monitoring & Response Services.

The acronym PTZ used in the spread sheet supplied refers to the type of camera, in this case one with pan/tilt/zoom functionality)

The Council is happy to add all CCTV data to our publication scheme and published Open Data. The information will be updated on a regular basis.

In respect of the operational status of the cameras in question, the Council will not be disclosing the requested information.

The Council is of the view that this would constitute information whose disclosure to the wider world would raise concerns around Law Enforcement and that Section 31 of the Act is engaged.

In considering the public interest for and against disclosure in this case, the Council has considered the public interest in disclosing the requested information in terms of the contribution to demonstrating transparency of processes followed, allowing accountability for decisions taken and money spent and scrutiny of decisions made.

In this instance, the Council judges that the public interest in disclosure is outweighed by the public interest in allowing the Council to ensure the integrity of its systems and ensure that its legitimate business and that of others is protected from criminal activity.

Disclosing details to the wider world of which camera (s) are operational or non-functional raises concerns regarding the ability of the Council and other relevant agencies to protect the public from criminal activities. The Council is of the view that releasing this information into the public domain would add to the sum of criminal knowledge and would impact on the potential conduct of business.

Please note, under the Re-Use of Public Sector Information 2005 Regulations you are free to use this information for your own use or for the purposes of news reporting.

However, any other type of re-use under the Regulations, for example; publication of the information or circulation to the public, will require permission of the copyright owner and may be subject to terms and conditions. For documents where the copyright does not belong to Coventry City Council you will need to apply separately to the copyright holder.

If you wish to apply to reuse the information you have requested or have any other issues relating to this request please do not hesitate to contact me.

You have a right to make representations about the outcome or handling of your request – in the first instance this must be made in writing within 40 working days of the date of this letter, to the Council's Information Governance Team at:

Council House, Room 21a
Lower Ground Floor
Earl Street, Coventry.
