Dear Sir/Madam

Freedom of Information Act 2000 (FOIA)
Request ID: REQ00565

Thank you for your request for information relating to Coventry Roadworks data.

A dataset (ideally XML or CSV) of every roadwork incident in the Coventry area, 01/01/2010 - 01/10/2015, containing the following details:

- 1) What date the roadworks started and finished
- 2) Whether they were planned or unplanned
- 3) The severity of the delays caused (e.g. a minor/moderate/severe classification, or even better a number of minutes for the delays caused).
- 4) A geographical coordinate (e.g. an Easting and Northing - the Department for Transport does this in their datasets - not sure if this is something you also have) for where the event occurred.
- 5) The road and junction where the event occurred.
- 6) If the roadworks were planned, the date when the roadworks were announced.

I can confirm that we do not hold this information and are advising you as per Section 1(1) of the Act.

Should you wish to make any further requests for information, you may find what you are looking for is already published on the [Council's web site](#) and in particular its FOI/EIR [Disclosure log](#), [Council's Publication Scheme](#), [Open Data](#) and [Facts about Coventry](#).

Yours faithfully

Business Support Officer
