Coventry Local Police, Crime and Community Safety Plan

West Midlands
police and crime
commissioner

2014/15

We are pleased to share with you the Coventry Local Police, Crime and Community Safety Plan for 2014/15. This plan was produced following a diverse consultation process involving the communities of Coventry using an online survey, and direct consultation with key groups and stakeholders.

The priorities, and the findings in the plan were also shaped by responses to the city's Household Survey, police data linked to confidence and satisfaction, 12 months of feedback from the multi-agency Safer Neighbourhood Groups that operate across the city, and finally 12 months of data/issues identified through street based personnel reports.

The findings were then put out for further scrutiny through key reference groups and individuals, before being presented to and approved by the Board.

Furthermore our Coventry Plan has been strengthened by using evidence from our annual strategic assessment of threat and risk to the city,

which confirms the issues that are being reported to various agencies by Coventry residents.

2013/14 has been a very challenging and at the same time rewarding year for the city and the region. Mosque bombings, austerity cuts and a national focus on safeguarding tested the resolve of this city and its citizens. 2013/14 was also a year of celebration for the city: The introduction of a new

Police and Crime Commissioner has embedded genuine community representation into how services around crime and community safety are delivered to the city; Coventry University became the Modern University of the Year 2013; and we hosted the most successful Goodiva Festival yet, hosting more than 125,000 attendees to the

biggest free family event in the UK.
