INTRODUCTION

When to use this form
This regime is known as Local Authority Pollution Prevention and Control, LAPPC. Installations permitted under this regime are known as Part B installations under the Environmental Permitting Regulations 2010 ("the EP Regulations").

Use this form if you are applying for a permit to a Local Authority to operate a dry cleaning installation as defined in Schedule 1 of The Solvent Emissions (England and Wales) Regulations, 2004 SI 107.

Before you start to fill in this form
You are strongly advised to read relevant parts of the Defra general guidance manual issued for LAPPC, republished in 2010 and available at: http://www.defra.gov.uk/environment/quality/pollution/ppc/localauth/pubs/guidance/manuals.htm
This contains a list of other documents you may need to refer to when you are preparing your application, and explains some of the technical terms used. You will also need to read the relevant Process Guidance ("PG") Note for your process: http://www.defra.gov.uk/environment/quality/pollution/ppc/localauth/pubs/guidance/notes/pgnotes/. The EP Regulations can be obtained from the link below: http://www.legislation.gov.uk/uksi/2010/675/contents/made

Other documents you may need to submit

Please also mark the document(s) clearly with this reference number and the application reference number (if you have been given one, it will be at the top of the form on page 3). If you do not have either of these, please use the name of the installation.

Using continuation sheets
In the case of the questions on the application form itself, please use a continuation sheet if you need extra space; but please indicate clearly on the form that you have done so by stating a document reference number for that continuation sheet. Please also mark the continuation sheet itself clearly with the information referred to above.

If you need help and advice
We have made the application form as straightforward as possible, but please get in touch with us at the Local Authority address given above if you need any advice on how to set out the information we need.
