Our ref: 20123017  
11<sup>th</sup> August 2014

Dear

### **Freedom of Information Act 2000 (FOIA)**

Thank you for requesting information about food testing certificates carried out on behalf of our authority by public analysts or food testers, which was received on 16<sup>th</sup> July 2014 and has been considered under the above legislation.

You have requested the following information;

**I request all copies of Certificates of Analysis or Examination carried out under the Food Safety (Sampling and Qualifications) (England) Regulations 2013 sent to your authority by public analyst or food testers since January 1, 2013. Please note I am only interested in those related to species testing.**

Please see the attached information in response to your request.

As a disclosure made under FOIA is judged to be a disclosure to the wider world, the Council must consider disclosure of personal information in line with the provisions of the Data Protection Act 1998 (DPA). Therefore, you will notice that certain information within the supplied documents has been redacted. This information is being withheld as it falls under the exemption(s) in Sections 40 (2) and 40 (3)(i) FOIA, which relates to personal data, as defined by Section 1(1) of the Data Protection Act 1998 (DPA).

If you wish to apply to reuse the information you have requested or have any other issues relating to this request please do not hesitate to contact me.

If you are unhappy with the outcome or handling of your request you should write to us within 40 working days of the date of this letter at:

*Executive Director - People*  
Brian M Walsh  
*Head of Service*  
Sara Roach  
Deputy Director Strategy and  
Communities

# FOOD SAFETY ACT 1990

## Certificate of Analysis

To: **Coventry City Council Room 202 Broadgate House Coventry CV1 1NH**

Lab Ref: 10278078

Issue No. 1

I, the undersigned Public Analyst for Coventry, certify that at 1745 hours on the 15th day of February 2013 the informal sample marked

Date Sample Taken                      Description etc.  
29/01/2013                                  26957 DONNER MEAT IN NAAN BREAD. Tag No: 04428572

at 11:00 hours

was received by me from [REDACTED]

I certify that the sample was analysed by me, or under my direction, and the results are as follows:

Speciation - Beef	Present
Speciation - Lamb	Present
Speciation - Pork	Absent
Speciation - Poultry	Absent

### My opinions and observations

Doner Kebab is usually made from lamb meat. Therefore I am of the opinion that the presence of the other species should be indicated in the name of the food. The presence of bovine material renders the food not of the substance demanded by the purchaser, contrary to the requirements of The Food Safety Act 1990.

The Food Labelling Regulations 1996 require that the name of the food shall be sufficiently precise to inform a purchaser of the true nature of the food and to enable the food to be distinguished from products with which it could be confused. Doner Kebab is the usually made from lambs meat and spices. Therefore I am of the opinion that the presence of the bovine material be indicated in the name of the food.

The presence of bovine material renders the food not of the substance demanded by the purchaser, contrary to the requirements of The Food Safety Act 1990.

Certified by me this 22nd day of March 2013 at Stafford, Staffordshire.

[REDACTED] Public Analyst

Dr Frank Hollywood

Official address: 14 Martin Street, Stafford. ST16 2LG

# FOOD SAFETY ACT 1990

## Certificate of Analysis carried out under Food Safety (Sampling and Qualification) Regulations 2013

To: **Coventry City Council Room 202 Broadgate House Coventry CV1 1NH**

Lab Ref: 10313590

Issue No. 1

I, the undersigned Public Analyst for Coventry, certify that at 1315 hours on the 13th day of May 2014 the sample marked

Date Sample Taken                      Description etc.  
01/04/2014                                  214010358 MINCED BEEF Tag Number 04614533

at 12:00 hours

was received by me from [REDACTED]

I certify that the sample was analysed by me, or under my direction, and the results are as follows:

Speciation - Sheep by DNA	Present
Speciation - Chicken by DNA	Absent
Speciation - Horse by DNA	Absent
Speciation - Pork by DNA	Absent
Speciation - Beef by DNA	Present
Speciation - Goat by DNA	Absent

### My opinions and observations

Speciation tests carried out on the meat via DNA extraction and the polymerase chain reaction (PCR) gave positive results for sheep (*Ovis aries*) and cow (*Bos taurus*) species and negative results for chicken (*Gallus gallus*), goat (*capra aegagrus*), pig (*Sus scrofa*) and horse (*Equus caballus*).

The sample contained less than 0.1 per cent of sheep (*Ovis aries*).

The presence of the sheep (*Ovis aries*) renders the food not of the substance demanded by the purchaser, contrary to the requirements of The Food Safety Act 1990.

I further certify that the sample had undergone no change which would affect my results, opinions or observations

Certified by me this 9th day of July 2014 at Stafford, Staffordshire.

Dr Frank Hollywood

[REDACTED] Public Analyst

Official address: 14 Martin Street, Stafford. ST16 2LG

## Certificate of Analysis carried out under Food Safety (Sampling and Qualification) Regulations 2013

To: **Coventry City Council Room 202 Broadgate House Coventry CV1 1NH**

Lab Ref: 10313589

Issue No. 2

I, the undersigned Public Analyst for Coventry, certify that at 1315 hours on the 13th day of May 2014 the sample marked

Date Sample Taken                      Description etc.  
02/04/2014                                  214010662 LAMB KEEMA Tag Number 04614551

at 11:00 hours

was received by me from [REDACTED]

I certify that the sample was analysed by me, or under my direction, and the results are as follows:

Speciation - Chicken by DNA	Present
Speciation - Horse by DNA	Absent
Speciation - Pork by DNA	Absent
Speciation - Sheep by DNA	Present
Speciation - Beef by DNA	Present
Speciation - Goat by DNA	Absent

### My opinions and observations

Speciation tests carried out on the meat via DNA extraction and the polymerase chain reaction (PCR) gave positive results for sheep (*Ovis aries*), cow (*Bos taurus*) species and chicken (*Gallus gallus*).

There were negative results for goat (*Capra aegagrus*), pig (*Sus scrofa*) and horse (*Equus caballus*).

The sample contained 54 per cent of cow (*Bos taurus*) and 0.2 per cent of chicken (*Gallus gallus*).

The presence of the cow (*Bos taurus*) and chicken (*Gallus gallus*) in a Lamb dish renders the food not of the substance demanded by the purchaser, contrary to the requirements of The Food Safety Act 1990.

I further certify that the sample had undergone no change which would affect my results, opinions or observations

Certified by me this 15th day of July 2014 at Stafford, Staffordshire.

## Certificate of Analysis carried out under Food Safety (Sampling and Qualification) Regulations 2013

To: **Coventry City Council Room 202 Broadgate House Coventry CV1 1NH**

Lab Ref: 10313588

Issue No. 1

I, the undersigned Public Analyst for Coventry, certify that at 1315 hours on the 13th day of May 2014 the sample marked

Date Sample Taken                      Description etc.  
05/08/2014                                  214012362 LAMB DONNA MEAT Tag Number 04614532

at 11:45 hours

was received by me from [REDACTED]

I certify that the sample was analysed by me, or under my direction, and the results are as follows:

Speciation - Beef by DNA	Present
Speciation - Chicken by DNA	Present
Speciation - Pork by DNA	Absent
Speciation - Sheep by DNA	Present
Speciation - Goat by DNA	Absent
Speciation - Horse by DNA	Absent

### My opinions and observations

Speciation tests carried out on the meat via DNA extraction and the polymerase chain reaction (PCR) gave positive results for sheep (*Ovis aries*), chicken (*Gallus gallus*) and cow (*Bos taurus*) species.

There were negative results for goat (*capra aegagrus*), pig (*Sus scrofa*) and horse (*Equus caballus*).

The sample consisted of mainly chicken (*Gallus gallus*) but also contained 2 per cent of sheep (*Ovis aries*) and 4 per cent of beef (*Bos Taurus*).

The presence of the chicken (*Gallus gallus*) and cow (*Bos taurus*) renders the food not of the substance demanded by the purchaser, contrary to the requirements of The Food Safety Act 1990.

I further certify that the sample had undergone no change which would affect my results, opinions or observations

Certified by me this 18th day of July 2014 at Stafford, Staffordshire.

Date Sample Taken                      Description etc.  
03/05/2014                                  24683 MINCED LAMB Tag Number 04614549

at 06:00 hours

was received by me from [REDACTED]

I certify that the sample was analysed by me, or under my direction, and the results are as follows:

Speciation - Beef by DNA	Present
Speciation - Chicken by DNA	Absent
Speciation - Horse by DNA	Absent
Speciation - Pork by DNA	Absent
Speciation - Sheep by DNA	Present

### My opinions and observations

From a consideration of the above results of analysis the sample contained Beef (Bovine) and Lamb (Ovine).

There was no evidence of any Chicken, Horse and Pork (Avian, Equine and Porcine species).

The meat was found to be lamb meat containing 27% Beef.

The presence of the beef (bovine) renders the food not of the substance demanded by the purchaser, contrary to the requirements of The Food Safety Act 1990.

Certified by me this      27th day of March 2014      at Stafford, Staffordshire.

Issue No. 1

I, the undersigned Public Analyst for Coventry, certify that at 1300 hours on the 12th day of March 2014 the informal sample marked

Date Sample Taken                      Description etc.  
03/05/2014                                  24682 MINCED LAMB Tag Number 04614546

at 06:00 hours

was received by me from [REDACTED]

I certify that the sample was analysed by me, or under my direction, and the results are as follows:

Speciation - Beef by DNA	Present
Speciation - Pork by DNA	Absent
Speciation - Chicken by DNA	Absent
Speciation - Horse by DNA	Absent
Speciation - Sheep by DNA	Present

### My opinions and observations

From a consideration of the above results of analysis the sample contained Beef (Bovine) and Lamb (Ovine).

There was no evidence of any Chicken, Horse and Pork (Avian, Equine and Porcine species).

The meat was found to be lamb meat containing 2.4% Beef.

The presence of the beef renders the food not of the substance demanded by the purchaser, contrary to the requirements of The Food Safety Act 1990.

Certified by me this 27th day of March 2014 at Stafford, Staffordshire.

16/04/2013	26947 Unsmoked Rindless Back Bacon Tag Number 04428033

### My opinions and observations

The sample consisted of pork with no evidence of any other species being present.

From a consideration of the above results of analysis I am of the opinion that the sample contained 101 per cent pork, 2.1 per cent salts, no added carbohydrate and no added water.

This sample was satisfactory as far as can be ascertained from the results of the above tests.

Certified by me this 26th day of June 2013 at Stafford, Staffordshire.

Issue No. 1

Date Sample Taken                      Description etc.  
11/02/2013                                  25589 CHICKEN MINCE  
at 14:00 hours

### My opinions and observations

From a consideration of the above results of analysis I am of the opinion that the sample contained 94.1 per cent meat, calculated as poultry, 0.3 per cent salts, no added carbohydrate and 5.6 per cent of added water.

The added water only has to be declared in the name of the food if it is present at 5% or more.

The sample contained undeclared added water.

The presence of the added water renders the food not of the substance demanded by the purchaser and contrary to the requirements of The Food Safety Act 1990.

Certified by me this      25th day of March 2013      at Stafford, Staffordshire.
