

Dear Senior Managers

We like it when you...

consider children and young people's views within your decision making

ensure your social workers and other staff are taking into account children and young people's wishes and feelings

are prompt and act appropriately when we raise concerns

check services are providing the care and support we need

involve us in the commissioning, development and evaluation of services, to ensure they are right for us

challenge and support your staff to be the best workers they can be

lead by example and don't forget what it is like to work directly with families

keep your promises and explain clearly when things have to change

show interest in us, get involved in our events, meetings and ceremonies

use your position responsibly to improve our lives and the services we use

show by your actions that you are proud to work for Coventry children and young people

are confident that the services in Coventry are delivered to the highest possible standard and meet our needs

Thank you from

Coventry **VOICES** of Care Council

On behalf of all Coventry
Looked after Children
