

Provider Causing Concern Process

Guidance

For Coventry Childcare Providers

Stage 4 (of 4)

Why has the Provider been asked to engage at Stage 4 of the PCCP?

Stage 4 is initiated in response to one or more of the following triggers;

- I. the Provider has been escalated from stages 2 or 3 of the process

What happens at Stage 4?

- The Provider will be required to work cooperatively with LA Officers, to address and evidence progress made against the agreed action plan to drive quality forward and or comply with the Early Education Funding requirements.
- The Provider will be required to attend formal meetings with the LA Panel to discuss progress against the action plan. A representative of their choice may attend the meeting but will not be permitted to engage with panel unless that person is the Manager of the provision.
- A judgement will be made on what sufficient progress means, based on individual circumstances and on the assessment of LA officers working intensively with the Provider.
- Where the LA Panel decide to withdraw / suspend the Provider's ability to deliver early education entitlement funded places, the Provider will be sent written notification.
- Where funding is withdrawn / suspended the designated LA Officer will notify the Data Team, Finance Team, Early Years Support Team and Family Information Service of this decision.
- The Chairperson residing over the Stage 4 meeting will notify Senior Council Officers of any decision relating to the withdrawal of the Providers ability to deliver funded places in Coventry.
- A Provider may appeal a decision made by the LA Panel to withdraw / suspend funding by following the appeals process.

Timescale of Stage 4:

The LA panel will determine whether sufficient progress has been made in respect of required improvements and these will be demonstrated by the 3rd panel meeting or sooner. (within a maximum of 18 weeks)

Potential outcomes of Stage 4:

- Return to PCCP Stage 1, 2 or 3
- Remain at PCCP Stage 4 ~ No further LA support given.
- Exit the PCCP process.

What if the Provider receives an Ofsted inspection whilst engaged at Stage 4?

If the Provider has been asked to engage in the process because of concerns relating to the requirements of the Statutory Framework for the Early Years Foundation Stage;

- An LA Officer will make themselves available to attend the Ofsted inspection feedback.
- Where a Provider is re-inspected and receives a good or better Ofsted inspection judgement they will be signed out of the process and funding will be reinstated following the publication of the Ofsted inspection report. Where inspection occurs after the closure of the termly funding amendment task, Providers will not be funded for children until the start of the following funding period/term. The Provider will be notified of the LA's intention to exit them from the process, in writing.
- Where the provider is a childminder who is registered with a Childminding Agency, who at re-inspection achieves an 'Effective' outcome, funding will be reinstated following the publication of the Ofsted inspection report. Where inspection occurs after the closure of the termly funding amendment task, Providers will not be funded for children until the start of the following funding period/term. The Provider will be notified of the LA's intention to exit them from the process, writing.
- When a Provider is re-inspected and receives an RI Ofsted inspection judgement, they may be retained at stage 4 or returned to stage 3.
- When a Provider is re-inspected and receives an Inadequate Ofsted inspection judgment, they will be retained at stage 4.

Where the LA has asked the Provider to engage in the PCCP for reasons relating to non-compliance against the requirements for the delivery of early education entitlement funded places, they will remain in the process until the LA panel are satisfied that all actions have been addressed. Where the LA Panel conclude that provider has repeatedly failed to address actions set, this will result in the removal of the Providers ability to deliver funded places where they do not address actions within agreed timescales.

A Childcare Provider will exit the process when one of the following occur

- The Provider is re-inspected and achieves a good or better inspection outcome

- The Childminding Agency which the provider is registered with is re-inspected and achieves and 'effective' outcome judgement.
- A Childminder who is registered with a Childminding Agency, leaves the Agency because they have successfully achieved registration with Ofsted.
- The Provider is re-inspected and achieves a 'met' outcome because they do not have any early year's children on roll
- The Provider no longer delivers childcare services to children in the early years age group or has changed the type of registration they hold, for example - a childminder becomes a Nanny.
- Issues raised by the LADO have been addressed and the provider is no longer a cause for concern.
- The Provider has satisfactorily completed all actions in relation to compliance against the delivery of Early Education Funding entitlements
