

Process for childcare providers offering 2 year old and extended (30 hours) funded places

Coventry Early Years team have created easy to follow guides to support childcare providers through the correct process when checking codes and inputting information onto the Coventry Early Years Provider Portal. By doing so, childcare providers will be ensuring all codes are valid and therefore correct payments will be made by Coventry City Council.

A copy of these guides are located on the Early Years Provider Portal and can also be found on the Coventry City Council Early Years webpages:

https://www.coventry.gov.uk/info/39/nurseries_and_childcare/2458/early_years_providers_2_3_and_4_year_old_early_education_funding/7

Copies of the guides have been posted to all childcare providers and schools offering funded places.

Please display or file these processes for future reference.
