If using Google Chrome, you may be asked whether you want to install the following extension:

You do not need to install this but can if you wish to.

Enter in your Schools name with your initials at the end.

For example, 'CoventryCitySchoolNP'. More than one user cannot enter the same name here, hence the need for your initials, else it will bring up an error message in red saying 'This tenant name is already being used'.

What's the name of your company?

The company name is used to generate your customized URL:
<https://8x8.vc/mycompany/>

Status: 401. Description:

- There are different ways to join the call, for example you can join the audio through your mobile phone-dial in with a pin (see pic to right).
- You can mute others, but you can't unmute them, you can only unmute yourself.
