## West Midlands Fire and Rescue Authority Finances 2025/2026

West Midlands Fire and Rescue Authority is responsible for West Midlands Fire Service, which serves the West Midlands conurbation.

Our vision is "Making the West Midlands safer, stronger and healthier"

Our three-year strategy is based on our Community Risk Management Plan (CRMP), which identifies and assesses all foreseeable risks which our communities may face. We use our CRMP to inform our Service Delivery Model - how we use our resources to reduce risk and vulnerability.

Our focus on community risk reduction includes:

### RESPONSE Dealing excellently with incidents

Our response to fires and other emergencies continues to be graded 'outstanding' by His Majesty's Inspectorate of Constabulary and Fire & Rescue Services. We respond locally, nationally and internationally, saving lives, preventing harm, and safeguarding homes and businesses with the resources you need, when you need them.

### PREVENTION - Delivering activities which support safer and healthier communities

By focusing on people most at risk, we improve their quality of life through reducing their risk of fire, helping them to lead healthier lives and educating them on how to be safer on our roads.

### PROTECTION - Protecting life and property to make businesses stronger and communities safer

We inspect high-risk and tall buildings, including flats, hospitals, schools and businesses, to keep safe the people who live and work there. We also advise companies on fire safety legislation, to keep their staff and customers safe and help their businesses to grow. In cases of significant risk, we can take enforcement action, including prosecution.
