**The Environmental Permitting (England & Wales) Regulations 2016 (As Amended)**

**Permit application to operate an installation involving the consumption of solvent for spray coating Chapter 6, Section 6.4, Part B (a) (iv) at: PPC Permit Reference PPC230 - KJ Ryan Ltd., Unit 3, Wayside Business Park, Wilson Lane, Coventry, CV6 6NY**

With reference to your permit application submitted for the above proposed installation I write to inform you that the application has been deemed to be duly made.

This will now be processed within the determination period which can be up to four months; we will be in ongoing discussions with you throughout the application process.

The next step is to start the formal consultation process which lasts for 30 working days. The application will be placed on the public register and public consultees notified of the application as part of the consultation process. Any representations or comments made on the application can be made available to you upon request.

I will be placing site notices around your premises (I will be doing this week commencing 30<sup>th</sup> June. From this date the 30 days will start).

If you have any questions or need to discuss anything then please contact me.

**Yours sincerely**

Steven Dewar  
**Environmental Protection Officer**
