Who we are

At North Star School, we believe that everybody can achieve their dreams, with a little guidance along the way we know that all of our students and young people will learn and aspire to their future goals. Established in 2021, North Star School have successfully reintegrated a number of students back into full time education. We are dedicated to providing a variety of bespoke packages, that are each tailored to students and young people who access our provision and services. Our setting and virtual classrooms, provide a safe, nurturing environment for young people to learn and grow. Our team of qualified staff provide a supporting learning environment, and deliver high quality education that appropriately challenges students and inspires them to do their very best.

What we offer

Qualified SENCo who will liaise with students, schools and parents to ensure correct support is in place and help offer any guidance for further support if required as well as contacting outside agencies if services are needed. Key workers are allocated to every student who they are able to speak to whenever they need to. Keyworkers also liaise with schools and parents to offer support where required.

Student Outcomes

For students attending North Star School, we have the following expected outcomes: Increased confidence: many students often feedback that after attending with us at North Star they feel more confident with their studies or within themselves. Increased attendance: We aim to support students to feel safe and secure and by doing this it leads to students attendance increasing both at AP and at school. We have had cases where students were struggling to attend school at all and with our support they were able to consistently attend our provision and then begin reintegrating back into school, steadily building on their attendance each day. Improved mental health and wellbeing: Not only with our flourish programme but as an alternative provision as a whole, we encourage and support students mental health and wellbeing, we support students to feel safe and comfortable and ensure that they are given tools and strategies to help manage their mental health.
