The University of Warwick is a world class higher education institution, ranked 10th in the UK and 69th in the world. Now in its 60th year, the University is currently celebrating six decades of transformative education, research and innovation.

The University is recognised as a leading employer, playing an important role within the local economy as well as being of national and international importance.

The University of Warwick was founded in 1965 and has had approved masterplans throughout its history, most recently the 2009 Masterplan Outline Planning Permission and the 2018 Capital Plan Hybrid Permission, which have guided recent developments on campus such as the Lord Bhattacharyya Building, Oculus, the Slate, the Sports Hub, Cryfield Village, the IBRB at Gibbet Hill, the Warwick Arts Centre extension, the new Faculty of Arts Building, along with two new multi-storey car parks at Lynchgate and Kirby Corner.

The next phase of development is now underway, with plans for a new Social Sciences Quarter including new buildings for the Business School, and a multi-phase refresh of science, technology, engineering and mathematics (STEM) facilities around a new Science and Engineering Precinct in the heart of campus, both being granted planning permission in 2024.

There is also greater focus on energy efficiency as the University moves towards Net Zero and a less car-dependent movement strategy is being implemented. Recent events have accelerated changes to the way the staff and student body use the campus, with more flexible working and blended learning. These changes are reflected in the University's current thinking about how it develops the campus.

Policy DS2 sets the Council's commitment to working with partners on preparing joint documents, including Supplementary Planning Documents, to help deliver new sustainable development which straddles or adjoins the city's administrative boundary. Part 6 of Policy DS2 refers to and gives support and recognition of the contributions that the University of Warwick makes to the sub regional economy.

The University has worked collaboratively with the City Council and Warwick District Council over the last 12 months to prepare a Supplementary Planning Document for the campus which was adopted by both authorities in December 2024. The SPD reflects the University's Capital Plan for future investment in the campus up to 2033.

The support that Policy DS2 gives to the University and the collaborative working which has resulted in the adoption on the SPD for the campus is supported and welcomed.
