(1) Legally compliant	Yes	<input type="text" value="Y"/>	No	<input type="text"/>
(2) Sound	Yes	<input type="text"/>	No	<input type="text" value="N"/>
(3) Complies with the Duty to co-operate	Yes	<input type="text" value="Y"/>	No	<input type="text"/>

Please tick as appropriate.

5. Please give details of why you consider the Local Plan Review is not legally compliant or is unsound or fails to comply with the Duty to Co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan Review or its compliance with the duty to co-operate, please also use this box to set out your comments.

Policy GE4 requires that development should be designed around the need to ensure there is no unreasonable unavoidable loss of, or damage to, existing trees or woodlands during or as a result of development.

Paragraph 9.28 of the written justification to the Policy notes that there may be exceptional circumstances where the benefits of development are considered to outweigh the benefit of preserving protected trees. This position is also reflected in criterion 1a of the draft Policy which identifies that development will be positively considered provided there is no reasonably unavoidable loss of, or damage to, existing trees or woodlands during or as a result of development.

Network Rail supports this approach which would recognise that there may be operational and rail safety considerations that cannot reasonably be avoided. To add further clarity to the implementation of the Policy, it is recommended that specific reference is made to operational and rail safety considerations as an issue that would constitute such a circumstance to which criterion 1a of the Policy would apply.

6. Please set out the modification(s) you consider necessary to make the Local Plan Review legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the Duty to Co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan Review legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Please see response to Question 5 for further details.
