

The Dare2Dream Foundation

Outreach -Coventry and Warwickshire

Who we are

The Dare2Dream Foundation offers Mental Health and Wellbeing support to children and young people, from Primary school age to Post 16. The support is provided 1:1 and can be delivered in the child/young persons home, Dare2Dream hired venues, in schools or outreach in the community. Support is provided across Coventry and Warwickshire. Each session is three hours and The Foundation provide transport, activities, venues and resources suitable to the child/young person's needs and aims of provision. The Dare2Dream Foundation uses a comprehensive approach to assess and support the social, emotional, and development needs of all children and young people, to positively impact their learning, behaviour, attendance, and wellbeing. Our child/young person profiling tools provide our Practitioners with a better understanding of their children, particularly by allowing Practitioners to consider their social, emotional, and mental health (SEMH) needs alongside academic needs. The profiles are used to identify and address these hidden issues, to ensure that every child and young person gets the support they need to engage fully with their education. Assessments are designed to help professionals understand and work more effectively with children and young people, in a way that's sensitive to the needs of the child or young person being assessed. The Dare2Dream Foundation have been working with children and young people for 12+ years through an intervention package that is bespoke to the needs of the child/young person aligned with the aims of the referring body. The Dare2Dream Foundation staff are highly qualified and trained to deliver purposeful interventions.

What we offer

All Practitioners that support children and young people are highly trained and experienced to offer Pastoral and wellbeing Support to children and Young people. Supported by Lead and Senior Lead Practitioners in the team.

Student Outcomes

Young people that have attended the foundation have achieved success in various forms, these include; successful transition to new educational placements, successful re-integration to existing educational placements. Success in Post 16 including, employment and/or further training.
