SOCIAL MEDIA

RADIO +

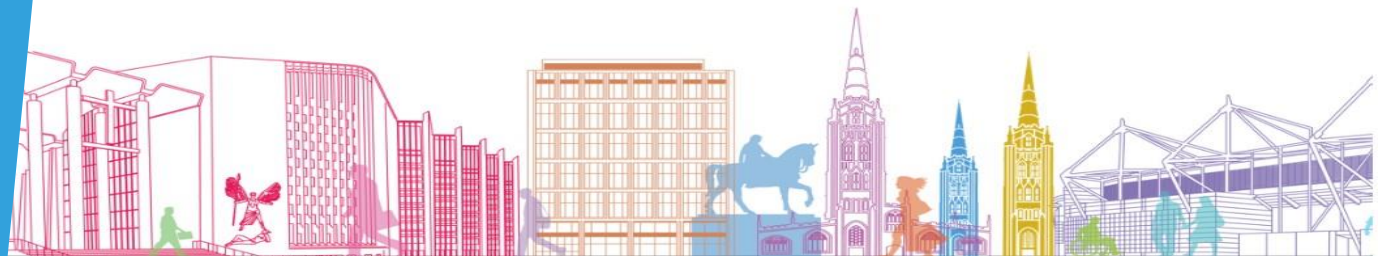

Radio + is an OFCOM licensed community radio station based in the City of Coventry.

We broadcast across Coventry on 101.5 FM, DAB, Online, via the Get Me Radio app and on Digital Smart Speakers. We play lots of the latest new music and we work to highlight the amazing community work and events that go on within our local community.

Our target audience is 15-35 year olds.

Radio + is committed to helping young local people by providing community based training and practical work experience, and by offering opportunities to develop new broadcast, podcast, digital, social media and employability skills.

Our Alternative Provision courses harness the power of music, broadcasting and digital media, creating a unique media rich environment that excites, engages, stimulates and challenges our students.

RADIO +

Radio + Empowering Futures

Radio + offers unique digital media and employability training placements for local young people aged 12+ who live in Coventry and Warwickshire.

Students can develop their digital and employability skills and learn new ones. We will work with them to build their self belief, confidence and resilience.

- Gain work experience in a live radio station environment
- Training and digital skills development in radio broadcasting
- Learn about studio production and editing
- Plan and produce audio for broadcast on our station
- Create content and work on live radio programmes

- Learn digital skills for creating content for websites and social media
- Create a portfolio of work highlighting your new digital skills
- Develop core employability skills
- Learn how to interview and present to a professional standard

- Increase confidence and self esteem
- Boost mental health and wellbeing
- Support and mentoring in job searching – includes CV development, job searching and interview techniques
- Opportunities to volunteer and gain valuable work experience

We have excellent broadcast studios and state of the art digital training facilities based in Coventry City Centre.

We offer 12-week Insight experience courses for Key Stage 3 and 4 pupils. These programmes can be extended in agreement with CAP to 38 weeks if required.

Key Stage Delivery : KS3, KS4, KS5.

Staff Experience : Our staff are all experienced radio and podcast presenters. Our project lead is an industry veteran with almost 40 years' experience working within the Broadcasting and Music industries.

Delivery Area : All delivery takes place from our digital studios in Hertford Place, Coventry.

Programme Length : From 12 weeks, to the entire academic year.

Transport Provided : No.

Lunch Provided : Yes. Students are provided with a sandwich, fruit/snack and a drink.

Days of Delivery : Monday to Friday

Times of Delivery : 9:30am-4pm.

Staff Ratio : 1:1, 1:5.

Additional Notes : We invite and encourage all schools and their AP Commissioners to come in to Radio + and take a tour of our studios and facilities. We'd love to show you around and show you how our AP Programme can make a real difference to your students.

To make an appointment, please call Simon on 07484 102 285, or email simon.mcausland@radioplus.org.uk

RADIO +

Why work with Radio + ?

Our approach is simple. We are not a school. What we offer is a non curriculum extended work experience placement that is tailored to each student.

We want to take all our students on a journey of self-discovery, where they will embrace their own identities and self-worth. We will show them that they are in control of their lives, and that they are the ones that get to make the key decisions and choices that will determine their futures.

We work with each young person to understand their needs and the challenges that they face. We then develop and adapt their individual learning plan to meet these needs, delivering the best experience for them and an outcome that helps them move forwards towards achieving their hopes and aspirations.

Our mission is to build self-confidence, belief and resilience. We aim to equip our students with the skills that they'll need to engage with the world, helping them to move forward in education, work and ultimately to succeed in life.

The best bit, they get to do all this in a really cool environment!
