Dear Sir/Madam

**Freedom of Information Act 2000 (FOIA)**  
**Request ID: FOI768319841**

Thank you for your request for information relating to Roundabouts repainted.

You have requested the following information:

**For the period from 1 July 2025 to the latest date for which records are held at the time of your search (please state the end date used), please provide:**

**1. Total recorded spend incurred by the Council for repainting roundabouts (including planned maintenance and reactive works), broken down where held by: staff time/recharge rates, contractor costs, vehicles/plant/materials, traffic management, disposal/waste, overtime.**

We do not hold this information and informing you as per Section 1(1) of the Act. Roundabouts are maintained as part of routine lining maintenance work and are not counted separately.

**1a. The number of jobs/incidents where roundabouts were repainted, with date and ward or postcode sector for each (no exact addresses required).**

One mini island on 6th October 2025 in Cheylesmore, Coventry.

**2. The job/incident category codes and cost centre/recharge codes used for these works (e.g. road markings/white lining/circulatory carriageway/roundabout).**

Routine road marking maintenance is booked to a revenue cost centre titled Highways: Lining. Road markings refreshed as part of resurfacing projects are booked to the individual Capital

projects.

**3. The current schedule of rates (or equivalent) used by the Council and/or its contractor(s) for road-marking/white-lining works specifically applicable to roundabouts (e.g. per metre/per m<sup>2</sup> rates, mobilisation, traffic management).**

There is no individual rate for roundabouts specifically.

**4. Any policy/guidance/SOP in force during the period for inspection, prioritisation and repainting of roundabout markings and associated surfacing, including the legal basis (e.g. Highways Act 1980 s41 duty to maintain; Traffic Signs Regulations and General Directions 2016; Traffic Signs Manual – Chapter 5 (Road Markings); UKRLG “Well-managed Highway Infrastructure”).**

The Highways Inspectors review markings as part of their routine safety inspections, in line with the Highway Inspection Policy, which is available to view on the website. We do not do any special inspections for roundabouts.
