Welcome to Coventry, Solihull and Warwickshire's Joint E-Tendering System (CSW-JETS).

All Opportunities

Details of current and future tender opportunities

CSW-JETS is the sub-regional e-tendering portal run by In-tend. Since February 2010, Coventry, Solihull, Warwickshire, Nuneaton and Bedworth and Rugby Councils have been working together as a shared procurement service. Along with Solihull Community Housing and other local district councils, we have joined together to bring you a cooperative E-Tendering portal.

CSW-Jets enables us to advertise our opportunities across all authorities through the same system.

This means that there is a single point of contact for procurement in the sub-region so you only have to register once to receive notifications for all authorities. Registering on the portal also will make it easier for local suppliers to find, respond to and be alerted to tender opportunities.

Below is a list of all the postal address, telephone number and website for each authority.

The main content area is divided into two columns. The left column contains a welcome message: "Welcome to CSW-JETS. Please note that PDF guides and links to video guides are now available under the Supplier Guidance tab (under the top banner)". Below this, it lists "From this web site you can" with six bullet points: view tenders/contracts/quotations, view awarded contracts, express interest in tenders, receive tender/quote documentation, safely return documents, and send/receive correspondence. It also includes a "How do I get started?" section with four bullet points: browse tenders, register a company/organisation, receive login information, and select the login option.

The right column features a vertical stack of buttons and notices. At the top is a dark purple box stating "You must log in to the portal through Sell2Midlands". Below it is a "Login with Sell2Midlands" button, which is pointed to by a red arrow labeled "3b". Underneath is a "NOTE" box warning that three failed login attempts will lock the account. Below the note is a yellow "Register" button, pointed to by a red arrow labeled "3a". Below the register button is a yellow "in-community" button.
