Dear Sir/Madam

**Environmental Information Regulations 2004 (EIR)
Request ID: FOI837512750**

Thank you for your request for information relating to Council electricity tariffs and renewable electricity generation.

You have requested the following information:

1. Does the council have a 100% renewable green electricity tariff for all of the electricity that the council is directly responsible for?

This includes all electricity that the council is directly responsible for, in council offices and any other buildings leased and managed by the council where the council pays the electricity tariff.

This does not include your heating (unless electric) and/or gas bill. This does not include homes owned or managed by the council. If unsure, please state your provider and tariff.

No. Coventry City Council currently has a 30% REGO backed electricity supply contract.

2. Does the council buy directly from a local renewable electricity source or have its own renewable electricity sources (wind, solar or hydro)? And if so, what percentage of the council's total electricity use is powered by this/these renewable electricity sources?

This includes council owned renewable electricity sources that are located outside of the council area, such as solar farms located further south to maximise energy generation.

For the purpose of this question, electricity generated from waste is not considered

renewable energy.

Yes. CCC has 1.5MWp of Solar PV on its buildings. These systems generate the equivalent of 6% of the Council's overall electricity use (incl Streetlighting). The onsite consumption of the generation accounts for 10% of the electrical energy use of CCC operational Buildings.

This does not include the Solar PV installed on education estate as the benefits are retained by the schools not the Council.

The supply of information in response to a FOI/EIR request does not confer an automatic right to re use the information. You can use any information supplied for the purposes of private study and non-commercial research without requiring further permission. Similarly, information supplied can also be re used for the purposes of news reporting. An exception to this is photographs.
