Who we are

At Coventry AP Academy, we are more than just a school; we are a lifeline for young people in the Coventry. Our carefully designed programmes provide bespoke solutions that meet the unique needs of our students. Whether helping young people reintegrate into mainstream settings, transition to specialist provisions, or pursue further education, we ensure every journey is underpinned by care, creativity, and commitment. Delivered across two purpose-built and well-resourced centres, our programmes are expertly crafted to inspire confidence, ignite potential, and unlock brighter futures. Our academy proudly serves as a genuine and inspiring alternative to mainstream education, offering a tailored, supportive environment for students aged 11 to 16. We are designed to meet the needs of up to 120 pupils through alternative provision (AP) education. Here, every student is given the opportunity to thrive, grow, and achieve their best personal and educational outcomes.

What we offer

The programme combines:

Functional Skills and academic support.

Practical vocational training in Construction or Hair and Beauty.

Accreditation through the AQA Unit Award Scheme.

Small-group learning environments with experienced staff.

A focus on engagement, confidence, employability skills and positive post-16 outcomes

Student Outcomes

Students attending CAPAlite develop improved engagement with education, increased confidence and stronger emotional resilience through a supportive and structured learning environment. They achieve accredited AQA Unit Awards in vocational areas such as Construction or Hair and Beauty, while also strengthening their functional English and maths skills. The programme helps young people build practical employability skills, improve attendance and readiness for learning, and successfully progress to further education, training, apprenticeships or employment pathways
