Nuneaton and Bedworth Leisure Trust

Youth Community & Schools, Bennetts Road North, Keresley End, CV7 8LA

Who we are

Alternative Provision (AP) Helping Young People Thrive Beyond The Classroom

Nuneaton & Bedworth Leisure Trust (NBLT) is a not-for-profit organisation and registered charity that aspires to improve people's quality of life, health, and well-being through leisure, fitness, and activities that are accessible to all. Our trained team, have a wealth of experience which aids them in delivering early intervention to prevent exclusions for both Primary & Secondary School aged Children. We also work with excluded pupils providing them with the tools that young people need to succeed- both in and out of School. We are accredited with Warwickshire County Council and Coventry City Council. With considerable experience working with young people, we understand that more and more children struggle in mainstream school and that the feelings of loneliness, confusion, and frustration often manifest as anger and other forms of unacceptable behaviour locking the students in a never-ending cycle that can often lead to permanent exclusion. We work with schools to offer a flexible approach to suit the student's needs from the students attending mornings, afternoons, or full days. We have a large outdoor area and Gym on site so students can attend the gym as part of the provision and complete tasks from the Sports and Fitness Short course booklet.

What we offer

NBLT provides comprehensive pastoral support to all pupils accessing Alternative Provision, with a strong focus on emotional wellbeing, engagement, behaviour, and personal development. Through one to one, small group environments and consistent staffing, we build positive and trusting relationships that help pupils feel safe, valued, and supported. Staff work closely with schools, families, and external agencies to identify individual needs and provide tailored support strategies, helping pupils develop confidence, resilience, emotional regulation, attendance, and readiness to re-engage with education and future pathways.

Student Outcomes

Feedback

I would put 100 out of ten amazing place highly recommended wish my boy could stay very understanding and caring highlight they taught him to ride a bike. Thank you soo much for everything you have done. Parent of AP Student-Dec 2025 My young teen attended the provision for 2 days a week for just under 2 years term time. In contrast to a normal school setting, the provision has a 'grown-up' feel to it. The difference from a behaviour and well-being perspective during that time has been remarkable and my teen has truly flourished and matured. The team is friendly and nurturing in their approach and treated my child with dignity and respect, while providing a fun, relaxing, and safe learning space. I can't thank the team enough for their support 'Thank you'.

From a parent of a student who attended our 1-1 provision part-time through their school Guy, Connor, and all of the team at NBLT/YCS, A mere 'thank you' seems so insignificant—yet it's all I have. I sincerely applaud each and every one of you for the care, patience, and understanding you've given to W___ in the months he's been attending your provision. W___ has grown significantly since being in your care, not just in his maturity but also in his confidence to speak out when upset or disappointed—and that's thanks to the support you've all provided him. His 'anger' has vanished, allowing him to begin the journey of growth, and seeing him take pride in his learning fills me with such joy. I know he will miss you all, but he is now ready to progress further still, and I hope he retains all that you've taught him in the years to come. I just wanted to take this opportunity to thank you all from the bottom of my heart as a parent - for helping to get "back". The work you have all done with him has been astounding, for helping to be happy in himself and to enjoy an alternative side to education and to restore his faith! 's mental health has improved significantly over the past few months and a large part of that is down to yourselves. I do not know what the future will hold for but I know that the work you have done with him has had an amazingly positive impact ❤️. Thank you again - you're all fab
