

Many Languages are spoken in Coventry how many can you name?

The Coventry Language Policy Framework

Being able to understand more than one language is good for our brains and helps us make new friends from different places.

How many different languages can you understand and speak?
Why not teach your friends some new words or ask them how to teach you words in their languages.

English is the main language we use in all of our schools in England.

Everyone learns English at school, and it is a very important language for us all

Many children living in Coventry speak other languages at home with their parents, carers and families.

Lots of children in Coventry speak different languages at home, and all of these languages are important. Speaking your family's language helps you stay close to your culture and community. Learning to speak more than one language can also help you find it easier to learn new languages at school.
