Dear Sir/Madam

**Freedom of Information Act 2000 (FOIA)
Request ID: FOI857143493**

Thank you for your request for information relating to Commissioned services for general practice/pharmacy.

You have requested the following information:

I would like a list of the services commissioned by Coventry council for general practice and pharmacy, and the accompanying service specifications. This includes local enhanced services, locally commissioned services or any similar service. This will likely be public health services related to (not exhaustive) addiction services, smoking cessation, sexual health, etc.

Please provide (ideally in Excel format):

- 1. The name of the service**
- 2. The budget for the service**
- 3. The service specification for each service – please ensure that you clarify which file name corresponds to which service**
- 4. The total budget for local enhanced/locally commissioned services for Coventry council.**

If the service is a package (ie, 'single offer', 'basket of services') that incorporates a number of different services, please break this down to their component parts as much as possible.

In response to your request, we confirm that we do not hold this information, and we are informing you as per Section 1(1) of the Act.

Coventry City Council does not commission general practice and/or pharmacies to deliver local

enhanced services. Services that are delivered in these primary care settings are contracted by our service providers for Healthy Lifestyles Service, Integrated Sexual Health service and Adult Drugs & Alcohol Treatment Service.

To clarify, The Council commissions the overarching services (Healthy Lifestyles, Integrated Sexual Health, Drug and Alcohol Treatment services), however, it is the providers (ICE Creates, HCRG Care Group and CGL) of those services that undertake the subcontracting to GP's and/or pharmacies. We do not hold any contracts directly with primary care hence we do not hold the information requested.

Healthy Lifestyle Service subcontract to general practice and pharmacies to deliver stop smoking services. To advise and assist you further please contact:
